4. FIRST AID MEASURES

SKIN: Immediately remove contaminated clothing and shoes. Rinse affected area with mild soap and large amounts of water until no evidence of product remains. Get medical attention if irritation persists. Wash clothing before reusing.

FLAMMABLE LIMITS:
 LFL: Not Determined
 UFL: Not Determined
EXTINGUISHING MEDIA: Dry chemical, carbon dioxide, water spray, or regular foam.
FIRE-FIGHTING INSTRUCTIONS: Move containers from area if you can do so without risk. Keep upwind and avoid breathing vapors. Use extinguishing agents suitable for surrounding fire. Do not scatter spilled material with high-pressure water streams. Dike fire-control water for later disposal. Wear proper full protective equipment (Bunker Gear) and a self-contained breathing apparatus (SCBA) with full face piece operated in positive pressure mode.
UNUSUAL FIRE AND EXPLOSION HAZARDS: Negligible fire hazard when exposed to heat or flame. However, if ammonia gas is evolved, it is flammable.

6. ACCIDENTAL RELEASE MEASURES

Stop spill or leak if you can do so without risk. Ventilate area and keep upwind of spill. Close off area to traffic. For small spills, take up with sand or other absorbent material and place into clean, dry containers. For large spills, dike far ahead of spill to contain for later disposal.
